

LEEYANA
ENGINEERING CONSULTING
ليانا للاستشارات الهندسية

Leeyana Engineering Consultancy Office is formed in association with HMD Architects of India to create a formidable ARCHITECTURAL DESIGN Organization.

Combining a vast experience of commissioning projects across various segment with Global Best practices in Design. **Leeyana Engineering Consultancy** is set to deliver Quality Projects of Scale .

Our strength is its serious commitment to satisfy expert clients who would prefer to be abreast with the constantly changing contemporary global design and execution methodologies. At Leeyana the philosophy is to escort our client in summative aspect of the project by running parallel to the project from concept to commissioning.

LEEYANA ENGINEERING CONSULTANCY is head by Managing Director- Mr. Redha Juma Al Saleh. Mr. Redha Juma Al Saleh, is a dynamic & multidimensional personality. Mr. Redha is a civil engineering alumni of the University of El Paraiso, USA (1981). He was employed with Ministry of Social Affairs, Sultanate of Oman, in his earlier days. Post which he has more than three decades of experience as an Entrepreneur, operating in multiple verticals. Mr. Redha Juma Al Saleh is the current Chairman of Board of Directors of Oman Chamber of Commerce and Industry.

HMD ARCHITECTS is an India based architectural firm designing & executing projects with global best Practices. Lead by the Founder and Principal Architect Hanoze Mistry. HMD Architects has successfully commissioned more than 350 projects, encompassing over 5 million square feet across the entire spectrum of projects typologies and geographical boundaries. Architect Hanoze Mistry, is a graduate from Mumbai University (1998) . Having worked with Top notch Architecture companies in India in his initial career & participating in core design teams of international repute, conceptualizing and executing path breaking projects of its time. This has been vital in creating a mindset to tackle complex Design & Engineering Projects.
